Hi Jim,

We would like your support in helping with a program component of our upcoming Bi-annual Highpoint Camp. This year will mark the 7th time this camp has been held. Our estimated attendance this year is 200 participants. As is all scouting activities, this is a not for profit activity, with registration fees designed to cover expenses only.

As we talked about previously, we would like to offer a Fly Fishing activity at our upcoming scout Camp. May 30 – June 1st. we would like to run this activity on Saturday the 31st. Sessions are one hour long with 5 sessions on Saturday, with around 20 people per session. As we discussed it would be great if we could offer a fly tying Activity and Learn to cast dry land session, splitting the groups in half, each group doing either activity for 30 min then switching. Please advise if you are able to supply enough equipment to run this activity and what supplies if any would be needed to be supplied by us.

We are able to provide lunch to those who are able to volunteer and help us run this activity.

Please let me know if we can count on you to help us run a successful event.

Regards,

Andre Fayolle  
On behalf of the  
Highpoint Program Committee
